## PROJECT EXPERIENCE

**DELOITTE LLP**

Sep 2024 – Jul 2027

*Tax Management Consulting, London*

- Developed a Tax Model (Excel) allowing a major client in the oil and gas sector to validate the tax position of the target prior to the acquisition.
- Global Project Management for a FTSE 100 Telecom Company:
  - Coordinated dozens of Global Tax Functions to remain compliant and deliver strategic business objectives like winding down entities and communicating detailed tax implications to the client.
  - Effectively Managed an outsourced delivery center to meet client deliverables with short turnaround.
  - Responsible for internal budgeting and fee calculation, presenting outcomes to the client, drafting engagement contracts and reviewing legal documents across multiple work streams and jurisdiction.

**ASTRAZENECA RESEARCH PROJECT**

Sep 2023 – May 2024

- Applied Mathematical Modelling and Statistical Analysis theories to develop oncological drug models.

**CUMMINS INC**

Aug 2022 – May 2023

*Systems Engineer, Daventry*

- Coordinated a fuel system upgrade (ca. £200k) – leading to reduced diesel consumption during engine tests.
- Engineered predictive models (Matlab) to accelerate next-gen generator development for US testing teams.
- Programming for data/device automation and effective management of contractors and technicians.

**GRANT THORNTON LLP**

Jun 2022 – Jul 2022

*Technology Intern, London*

- Drafting comprehensive cyber security risk document for the client's board of directors oversight.
- Audited multiple stakeholders for high-risk cyber security and data and drafted a detailed risk agenda

## FURTHER INTERESTS

- I program and design analytical financial models of personal interest – please refer to my portfolio xxxxxx of projects using: Python, SQL, Bash, Matlab, C, HTML, CSS.
- Whilst studying at university I leveraged Equity models and Game Theory Optimal strategies to build a consistently profitable (+EV) system across low/midstakes and winning 4-figure poker tournaments.
- Competed in chess leagues and tournaments; faced 80+ Titled FIDE opponents in various game formats.
- I enjoy learning languages and am currently German B1, Mandarin HSK 2.
